# PRINCIPAL'S / SCHOOL IMPROVEMENT

COUNCIL REPORT

Our mission at the Phoenix Center is to serve students who are divergent learners. Often these students have a history of academic failure and behavioral problems in the traditional classroom. They are very school-resistant youth who require trusting relationships and a supportive environment before they can begin to learn. Finding appropriate teachers for this hard-to-serve population is difficult: they must have a proven record of patience and empathy for this category of students. Retired teachers, who want to work part time, have been a valuable asset to us. They often fit our teacher criteria and bring with them different areas of certification as well. We continuously spend time with our students counseling them to modify behaviors through peer mediation and problem solving exercises. We want them to be job-ready and to possess life skills. Community businesses and agencies are enlisted to help them, and we have often used the services of DHEC, DSS, Mental Health and Alcohol and Drug Abuse for assistance and counseling. Our students are allowed to attend F. E. Dubose Career Center, where they are placed in vocational areas and with instructors who will help them experience success. Twenty-four of our forty-five students have afterschool and summer jobs. Divergent students prefer learning that is relevant, so we continue to develop and field-test a curriculum which incorporates State standards with the local environment and its people. Swamps, farmland, and the Santee Cooper lake system sometimes become our texts for Language Arts, Math, Social Studies and Science. Even our Physical Education course is designed to help students acquire skills for lifetime leisure sports such as golf, tennis, and swimming. As director of the charter school, my primary job is that of lead teacher on a 6-person team. My challenge has been to perform the administrative and managerial tasks, which are out of my area of training. The charter school experience for all of us, teachers and students alike, is a growth opportunity: we are collectively honing our skills and broadening our futures. Anne D. Darby

### THE STATE OF SOUTH CAROLINA

Annual School Report Card

2001

School Grade: N/A

#### **EVALUATIONS BY TEACHERS AND STUDENTS**

Percent	Teachers	Students	Parents
Satisfied with learning environment	Too few	92.3	(Avail. 2002)
Satisfied with social and physical environment	responses	100.0	
Satisfied with home-school relations	to report.	100.0	

### **DEFINITIONS OF SCHOOL RATING TERMS**

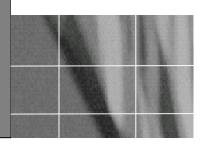

Excellent – School performance substantially exceeds the standards for progress toward the 2010 SC Performance Goal.

Good – School performance exceeds the standards for progress toward the 2010 SC Performance Goal.

Average – School performance meets the standards for progress toward the 2010 SC Performance Goal.

Below Average – School is in jeopardy of not meeting the standards for progress toward the 2010 SC Performance Goal.

Unsatisfactory – School performance fails to meet the standards for progress toward the 2010 SC Performance Goal.

1402610

### South Carolina Performance Goal:

By 2010, South Carolina's student achievement will be ranked in the top half of the states nationally. To achieve this goal, we must become one of the five fastest improving systems in the country.
